GROUPS & AFFILIATIONS OF THE NIGHT CITY MEGAPLEX

They say you're known by the company you keep. If that's so, then in 203X, you're in some pretty deadly company!

They're the Locals: South Am gunrunners, AltCult renegades, Klassy Klub killers, neo-fascist posers, mad scientists, genetic aberrants, kung fu monks, avenging cultists, crazed Reagan clones, mad musicians, cannibal cruisers, animé assassinettes, freaky flyers, retro rockers and tank-blasting trainmen. They're all denizens of the most dangerous megalopolis in the 203X Dark Future—Night City. And when the sun goes down and the City starts to howl, they'll be the first ones to show up on your doorstep. And not just to borrow a cup of sugar either.

So grab your Ballistic Flechette Gun, kick in your Alt Tech, and get ready to take a wild ride on the wild side. Because there's a lot of people—and things that are *kind of* like people—that want to meet you!
